

Jones™

Quality Assurance

Jones Contract Packaging Services has built a solid reputation for outstanding quality by adhering to strict production and quality control standards.

## A promise of performance excellence

At Jones, we approach every project as an opportunity to provide customer-specific packaging solutions that are focused on quality, flexibility and cost-effectiveness. From blister packaging and pouching to secondary packaging services, we are committed to ensuring that our quality systems consistently meet and exceed your expectations.

Audited regularly by the US Food and Drug Administration (FDA), Health Canada and our customers, our quality systems have been built to respond to the unique and rigorous demands of our industry and our clients:

### Licences

- FDA registered / FDA inspected / cGMP compliant
- Health Canada Establishment Licence / inspected / GMP compliant
- Class A Precursor Licence
- Natural Health Products Site Licence

### Robust Standard Operating Procedures that include:

- A comprehensive validation master plan
- Master packaging documentation and control
- Strict process controls
- Batch record development and documentation
- Work flow control: receiving, production and shipping

To learn more about our quality systems and processes or to assist you with your printed and contract packaging requirements, please contact us at [packaging@jonespackaging.com](mailto:packaging@jonespackaging.com).

*Let us show you how easy it is to trust your packaging business to Jones.*
