

 Jones

Designed. Filled. Delivered.

A solution-focused contract packaging partner putting quality and customer satisfaction first

Long known for our reliable expertise and commitment to service excellence, Jones Contract Packaging Services offers integrated packaging solutions that truly simplify the process for our customers. Whatever your packaging and filling requirements, we understand the need to ensure speed to market and provide the flexibility and capacity to accommodate our customers' diverse projects.

Quality

With the strictest production and quality control standards in place, we take pride in maintaining an average return rate of just **0.07%** – our goal is to get it right the first time, every time.

Service

At Jones we put our customers first. And, that's why they keep coming back. From small companies looking to break into the market to the most recognized global pharmaceutical and consumer brands, many of our customer relationships have been active for more than 20 years.

Delivery

We are able to fully service the entire North American market, shipping to the U.S. on a daily basis. We consistently meet our customers' expectations with a **99% on-time delivery record**.

Unsurpassed Value

Unique integration with our Printed Packaging division – with full in-house prepress and design support services – and a commitment to driving operational efficiencies through **Lean Six Sigma and 4DX**, mean **unparalleled value** for our customers.

Let's talk some more – we'd love the opportunity to show you just how easy it is to trust your packaging business to Jones.
