

Flexibility and portability to promote medication adherence

MRx: The ultimate medication adherence tool available today

For pharmacists looking for adherence packaging that's easy to fill and easy to check.

For patients looking for a multi-dose adherence tool that's easy to remember and easy to take:

- Detachable time passes for portability
- Medication information printed on each individual time pass
- Two blister sizes – largest blister for any adherence packaging available in Canada
- Rounded edges on blister cavity create a patient-friendly, easy-to-use medication cup
- Permanent adhesive label with push through
- Dual-sided label makes it easy to check when filling or dispensing
- Customization of label with your logo and message to promote your brand

To place an order or for more information about our adherence packaging and our extensive line of pharmacy packaging products, please contact your local Jones representative or Jones Healthcare directly at healthcare@jonespackaging.com.
